

STATEMENT OF SUBSTANCE OF INTERVIEW

[0002] Applicant would like to sincerely thank Examiner El Chanti for conducting a telephone interview with Applicant's representative, Kayla Brant, on 1/28/2009.

[0003] During the interview, the Examiner and Applicant's representative discussed distinctions between the claims and the cited document, namely Bommareddy.

[0004] Based on the conversation with the Examiner, Applicant's representative understood the Examiner to agree with the distinction described. Specifically, it was discussed that Bommareddy's network flow controller is distinct from the cluster, and is thus not equivalent to either the source host or the target host of claim 1. The Examiner requested that this response include citations to portions of Bommareddy that highlight this distinction.
